arjun@arjunyadav.net

## Education

---

### Delhi Private School, Sharjah

Apr 2010 – Apr 2024

*Physics, Chemistry, Mathematics, Computer Science and English*

*Sharjah, United Arab Emirates*

Activities and Societies:

- Co-founded and co-facilitated three editions of the Society of Logic and Rationality in Students - the UAE's premier high school logic and rationality club.
- Active member of the MUN school team.
- Leader of the school's Python club (PyTech) after 2023: taught Python to middle schoolers and organised the school's Inter-House Hackathon for 2023.
- Active member of the school's environment club (EcoGen).

Student Council and Leadership Roles: Vice Head Boy for 2023-24 and Head of Events - EcoGen for 2023-24. Formerly Coordinator - Environment during my junior year.

## Experience

---

### Fellow

Feb 2024 – Present

*AI Safety Fundamentals*

- Selected to the AI Safety Fundamentals: Governance Course in April 2024.
- Selected to the AI Safety Fundamentals: Alignment Course in February 2024.

### Inductee

Dec 2023 – Present

*AI Safety Camp*

- Became an inductee to AI Safety Camp 2024! Working at Project 29: Organise the next Virtual AI Safety Unconference.

### Developer

Dec 2023 – Present

*AI Plans*

- Part of the AI Plans development team, working primarily with the front-end and database management.

### Research Collaborator

Dec 2023 – Present

*Dioptra*

- Part of the general intelligence benchmark team, helping on projects related to machine learning safety and interpretability.

### Team Member

Nov 2023 – Present

*Offline Streaming Systems*

- Working with a small team on a project designed to make offline streaming a more accessible reality.

### Blog Writer and Editor

Jul 2023 – Present

*Ocean Busters*

- Currently working with an international non-profit by writing and proofreading posts relating to the issue of ocean pollution.

**Committee Member and Volunteer**

Jan 2023 – Present

*OptX*

- Volunteered for three events for Opportunities to Expand: a symposium between a surgeon + astrophysics professor and students, UAE AID volunteering for victims of the 2023 Turkey-Syria Earthquake, an Iftar distribution campaign in Dubai.
- Played a major role in research and development and in organising said events.

**Co-Founder**

Dec 2022 – Present

*EA UAE*

- Co-founded the UAE's national EA group in late 2022 - helping to bridge the gap between EA AUS and EA NYUAD.

**Beta Reader**

Jan 2022 – Present

*Cold Takes*

- Beta reader for Cold Takes, a blog by the co-founder and co-CEO of Open Philanthropy, Holden Karnofsky.
- Learnt more about the art of giving constructive criticism and got the privilege to see exemplary philosophy and AI safety content early.

**Research Assistant**

Jun 2023 – Dec 2023

*American University of Sharjah*

- Currently working with Mr Ali Reza Sajun and Dr Imran A. Zuolkernan at the CSE department on the issue of ghost images using efficient transformers.
- Learnt about transformers, semi-supervised learning and more!

**Student Moderator - Metaverse Committee**

Sep 2023 – Oct 2023

*Project: Unboxed*

- Moderated the metaverse committee of Project: Unboxed, a youth mental-health conclave hosted at Delhi Private School, Sharjah to a successful plan-of-action.

**Event Organiser**

May 2023 – Sep 2023

*TEDxYouth@DPSS 2023*

- Worked extensively with our media and outreach teams to organise the successful second edition of TEDx at Delhi Private School, Sharjah!

**Co-Resource Head - Earth and Climate Change Council**

Dec 2022 – May 2023

*Youth Global Solutions Summit*

- Helped to develop the agenda for the council, review pre-summit papers and, in general, oversee the flow of the two days of fruitful debate.
- Won best council for our work.

**Design and Research**

Jul 2022 – Sep 2022

*EAGxIndia*

- Created mock-ups for the event's landing page.
- Worked on mapping document highlighting EA communities in Asia.
- Learnt "soft skills" such as using Slack effectively and how Asana works
- Overall, became a much better communicator and designer.

**Facilitator**

Jul 2022 – Sep 2022

*Effective Altruism Virtual Programs*

- Facilitated the In-depth fellowship offered by EA Virtual Programs. Earned an average rating of 8.4 out of 10 from my cohort.

**Front-end Developer and Data Visualizer**

Oct 2021 – Apr 2022

*Effective Altruism Data, Legal Priorities Project*

- Worked with a data scientist from New Zealand to help redesign an EA data visualizer.
- Worked with Legal Priorities Project for data visualization for their paper, "Protecting future generations".
- Learnt about Dash and Plotly with Python, as well as got more familiar with the Git workflow.
- Learnt more about matplotlib from work with Legal Priorities Project.

## *Skills and Knowledge*

---

**Programming and Markup Languages:** Knowledgeable in Python, JavaScript, Java and LaTeX.  
**Python Modules:** Knowledgeable in Dash, Plotly, NumPy and matplotlib.  
**JavaScript Frameworks:** Knowledgeable in React.js and Next.js.  
**Mathematics:** Certified in Linear Algebra and Multivariate Calculus through the Mathematics for Machine Learning course offered by Imperial College London.  
**AI Safety:** Taught AI safety to my fellow seniors during the Summer of 2023, and I possess certification for my skills via the Intro to ML course by the Center for AI Safety

### *Other Interests*

---

**Public Speaking and Debating:** Experienced in Model UN procedures, 2x Best Delegate, 1x Best Speaker, 1x Outstanding Delegate and 1x Honourable Mention.

**Effective Altruism:** Proficient in knowledge relating to Effective Altruism. Facilitated Effective Altruism Virtual Programs' In-Depth EA Program and attended EAGxOxford 2022.

**AI Safety:** I have been learning independently about AI safety since the Summer of 2023, I write about my new-found knowledge at <https://arjunyadav.net/notebook>.

**Environmental Awareness:** Helped to conduct and coordinate events relating to raising awareness on climate change, combating climate denialism, etc.
